ABOUT

KREATIVE FOTOGRAFIE

laLola

Who am I

As many people know, **I am a photographer with instinct and vocation** (that means: good eye and highly motivated).

What I do

I arrived at the crossroads between photography and illustration: **Creative Photography.**

With it I capture family moments full of great emotions and create unique portraits.

SMALL EVENTS ♥ BIG MOMENTS

At first **I was always drawing** in my block anywhere, with tons of ideas. Later, the great evolution that digital photography gave, drove me at the **crossroad** between photography and illustration:
Creativ Digital Photograph

I can "complete" the photos, take the picture far away from simply portraying reality, and **go beyond your most extraordinary and epic dreams!**

It will **capture these special moments** of your life forever.
